thinking... outside the book.

About InaBind Systems, Inc.

Since 1983, InaBind Systems has helped our customers in Northern California and Northern Nevada save money and time by binding their own catalogs, manuals, reports, yearbooks, cookbooks and special projects.

As a proud member of the  BindRite Association, we maintain

the highest standards of product selection, customer service and technical support in the industry.

With InaBind, you get

- Quality products backed with a 100% guarantee.
- Competitive prices - for the best value for your dollar.
- Service that is simply the best.

January 2015

Welcome to 2015!

It's been a while since we've sent out a newsletter, but we've decided to bring it back because you guys (our customers!) indicated that you appreciate updates on our equipment and special promotions.

We're excited to start the new year with the latest news, tips and information you can use about InaBind's professional binding equipment and supplies.

There's a lot to talk about this month, so let's get right to it!

Until we see you again,

Bob, Lori and Rodney at [InaBind](http://InaBind.com)

Did You Know?

Did you know that the Drylam ALM3222 will do single sided lamination? We also carry writable matte film. For more information call us at 1-800-655-2463 or [CONTACT US HERE](#) today!

Show Your Creativity!

We have a great supply of comb and coil on hand. Give us a call, stop by and pick it up or we'll deliver in the Sacramento area.

InaBind Tip

Save time and money! Copy or print 8.5" x 11" twice on an 11" x 17" cut in half!

Who Uses InaBind?

Lots of people! Are you

- A school district
- College or university
- Private or charter school
- Business or government agency
- A not for profit organization?

P.S. Do you have a great project to share or want to be featured in this newsletter? Call us at 916-361-9110 or toll free: 1-800-655-2463 or [email us!](#)

Real World Success Story: Stanislaus County Office of Education

The Stanislaus County Office of Education School District is located in Modesto, CA and includes 6 schools that serve 1,891 students in grades KG through 12. In August, 2014, the Stanislaus County Office of Education made their first purchase from InaBind Systems with the Drylam ALM3222.

Joan Binczek, Supervisor of Media Services with Stanislaus County Office of Education told us: "With staff changes, time has become an issue for everyone. With the purchase of this machine we are able to put the work on the feeder and it comes out the other end ready to go."

What have they been using their Drylam ALM3222 for so far?

"In the past we have had to laminate sheets using our large laminator (25" wide) and then cut out each page. We had an order of 2500 sheets that we put on the feeder and let the machine do the rest of the work. My staff was so excited that they didn't have to sit for hours cutting sheets apart!"

To find out more about the Drylam ALM3222 or InaBind Systems, call us at 916-361-9110 or toll free 1-800-655-2463, or [email](#) us.

Featured Product: Drylam ALM3222

If so, you could join these long-time InaBind customers:

- California Department of Justice
- US Attorney's Office - Sacramento
- US Public Defenders Office - Sacramento
- California State Public Defenders Office
- Washoe Unified School District

We love when happy customers refer us to friends and colleagues. Just send us [an email](#) with your referral's name or visit us at [our Website](#)

The next generation in fully automatic laminating of digital prints, the all new **ALM3222** offers many upgrades from the original ALM3220.

- * Heated rollers for crystal clear scratch free laminations
- *Micro adjustable side trimmers for precise flush cutting or the exact border encapsulation you desire
- *Now handles up to 13" wide sheets
- * Built in long mode operation for banner length prints
- * 25% increase in speed over the ALM3220

What remains the same is the easy "green button" operation that provides virtually labor free laminated and trimmed sheets. Excellent adhesion to even the most difficult digital prints with the same ASAP adhesive films pioneered on the ALM3220.
